TRIP AIR Meeting Minutes – May 2020

Announcements

TRIP companies are required to complete their own incident time sheets and send them in with their invoices following each TRIP activation. Time sheets should be completed while on-scene in coordination with HERO / incident command.

The National Safety Council offices in Norcross are now closed. This will have an impact on the local flagger training. Jerry Gossett is working on other solutions and will help keep everyone updated. As has already been stated, there is the option to work with the ATSSA's local representatives as well complete their online flagger certification.

Incidents

1. TA_1666_04.01.2020 **New Image** (1780098) I-675 north at Anvil Block Rd.
Activation by: Clayton Co. HERO on scene: HERO 511
